Dear Wally,

Airport Solutions Training

I just wanted to take this opportunity, to thank you again in writing, for all the courses that have been delivered by "Airport Solutions" and yourself .

As you are aware, over the past 12 months, Airport Solutions have tailored made 3 courses to be delivered to me and my team at Cardiff Airport, with you delivering 2 of them:

Basis Ramp safety

Introduction to Auditing

Advanced Operations Course

All courses and syllabus were of an extreme high standard, and were delivered at the right pitch, making the course not just a learning curve whilst developing skills, but also enjoyable, making it far easier to listen and learn.

I have and will continue to recommend you and your company highly to other Airports, both within our group and also externally. The areas of knowledge and expertise in the topics is great, and are presented at ease, with a enormous wealth of knowledge of the Aviation industry from yourself.

I know doubt will be in contact in the near future.

Kind Regards,

Ceri
