To whom it may concern,

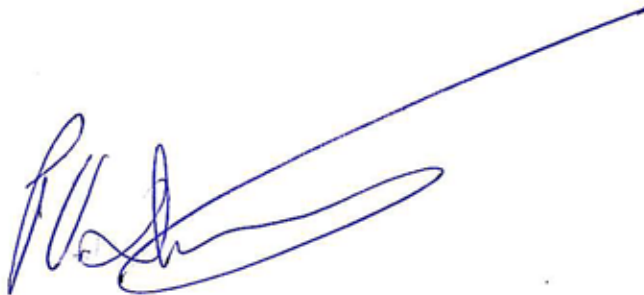

Airport Solutions Ltd

Staff from Airport Solutions Ltd were contracted by the City of Derry Airport over an 18 month period to provide:-

Operational Safety Oversight and ensure CAA approvals for significant Runway and Apron works, Senior Management advice and support, Staff training, Development of Operational Procedures including the introduction of a Safety Management System and revision of the Aerodrome Manual .

At all times the staff were totally dedicated to our goals providing a professional and exemplary service.

I have no hesitation in recommending the services of Airport Solutions to other Airports.
