Regarding: Testimonial for Airport Solutions Ltd

To whom it may concern,

Airport Solutions Ltd have been contracted by Fujairah International Airport (FIA) for a number of projects commencing August 2008 until to May 2009.

This work has been largely related to assisting FIA achieve and maintain its Aerodrome Certification and to move towards becoming a benchmark operation.

These projects included:

- Evaluation and Gap analysis of procedures and operations manuals including the Aerodrome Emergency Plan
- Assistance with drafting sections of the Aerodrome Operations Manual
- Preparation of procedures for airside operations
- Training and guidance for airside operations staff to ensure competency to carry out function
- Organisation of the Aerodrome Emergency Exercise
- Operational Safety Management and Aerodrome Inspection Training
- Guidance and advice regarding implementation of management oversight over processes and procedures, e.g. Aeronautical surveys, Obstacle evaluation, etc.

In every case we have found the services provided by Airport Solutions to be highly professional, fully meeting the business needs of the airport and the requirements of the Regulator. The Airport Solutions team has a wealth of airport operations experience from which FIA have gained benefit and experience and we continue to use them as a sounding board and would have no hesitation in recommending their services to other airports.

Yours faithfully,

Charles G Hajdu
